Dear Friends of Youth,

Thank you for requesting a **2013 Staff Application Form** for the Florida College Arkansas Camp. We are delighted to know of your interest in serving young people and the Lord. The date of Camp is **June 9th-15th, 2013**.

There are two main goals of this Camp:

- To provide young people with a balance of spiritual and recreational activities in which there is a strong emphasis on their relationship with God. We strive to instill principles of honesty, modesty, purity of life and other virtues taught in the Bible through these activities in this unique setting. We want to clearly communicate the joy of Christian living.
- To inform young people about Florida College where godly values are practiced and supported. We want each of our campers who want to go to college to seriously consider attending Florida College. To this end, we pattern some of our activities to better explain what life at Florida College would be like.
All of our counselors must be enthusiastic about working toward these two goals.

As you complete the application, please indicate areas of interest and ability and write any comments in the “comment section” that will help us understand your choices. Be as complete as you can, because with more information, we can determine better where you can serve. Also, be sure to complete and sign a Medical Health form. Note: Husbands and wives who are applying must complete separate application and medical health forms.

Please return your application form to us (the Finley’s) by **March 15, 2013**

We need staff members with a wide range of skills and experiences. No one or two persons are expected to do it all, and you will probably not be asked to do all that you indicate you are willing to do. We will use your application not only in assessing your abilities in comparison with our needs, but also, (if you are selected) in making specific staff assignments.

It is important that you understand that serving on the FC Arkansas Camp Staff requires more than just the time and work of the one week at Camp. Many hours of planning and preparation are a necessary prerequisite of a successful camp. Work assignments are made before the camp, and all preparations (Bible lessons, crafts, skits, costumes, knowing sports team rules, etc.) are expected to be completed before arriving at the Camp. We emphasize this because the making of a great Camp Staff begins with being prepared before you arrive at Camp; and **a great Camp Staff makes a great Camp**. If you want more information on what will be required, please contact us.

We may have more applicants than we have openings, so please do not be discouraged if you are not chosen. There are times when we must go hunting for replacements, and we always start in our application file.

Thanks again for your interest.
