## Disclosure Statement

Paintball is fun but just like baseball, hockey or tiddlywinks there are rules you must follow. You are shooting and being shot at by marble-size pellets that are traveling at nearly twice the speed of a major league fastball. There is potential for injury. And then there are the bugs and sticker bushes and ankle-twisting falls, not to mention the possibility that you might be out of shape!

## YOU PLAY AT YOUR OWN RISK!

The field owner has done everything he can to minimize the risk. It is imperative that you pay attention to and obey the safety and rules of the game. **If there is something you do not understand, ASK!** We expect that you will play safely and maintain an attitude of sportsmanship. By signing below, you are telling the world that you understand this information and you will not hold, nor will you ever hold anyone associated with Florida College Arkansas Camp responsible for damage, theft, pain, death, or anything else you are about to experience during paintball, except for the fun of course. We reserve the right to throw any campers out of the playing area for gross negligence, stupidity, or acts deemed unbecoming of the sport with loss of all fees.
